Table 5: Strategies for Goals	11-14

May 23, 2022 Draft

Developed in collaboration with the **Tehama County Housing and Homelessness Stakeholders' Collaborative**

For inclusion in the Joint Application for funding through the [Homeless Housing, Assistance and Prevention Grant Program, Round 3 \(HHAP-3\) Notice of Funding Availability \(NOFA\)](#), released December 21, 2021 with an application deadline of June 30, 2022.

Table 1. Landscape Analysis of Needs and Demographics

	People Experiencing Homelessness	Source and Date Timeframe of Data
Population and Living Situations		
TOTAL # OF PEOPLE EXPERIENCING HOMELESSNESS	267	2021 PIT Count
# of People Who are Sheltered (ES, TH, SH)	49	2021 PIT Count
# of People Who are Unsheltered	218	2021 PIT Count
Household Composition		
# of Households without Children	218	2021 PIT Count
# of Households with At Least 1 Adult & 1 Child	10	2021 PIT Count
# of Households with Only Children	0	2021 PIT Count
Sub-Populations and Other Characteristics		
# of Adults Who are Experiencing Chronic Homelessness	116	2021 PIT Count
# of Adults Who are Experiencing Significant Mental Illness	16	2021 PIT Count
# of Adults Who are Experiencing Substance Abuse Disorders	25	2021 PIT Count
# of Adults Who are Veterans	10	2021 PIT Count
# of Adults with HIV/AIDS	3	2021 PIT Count
# of Adults Who are Survivors of Domestic Violence	59	2021 PIT Count
# of Unaccompanied Youth (under 25)	10	2021 PIT Count
# of Parenting Youth (under 25)	1	2021 PIT Count
# of People Who are Children of Parenting Youth	1	2021 PIT Count
Gender Demographics		
# of Women/Girls	92	2021 PIT Count
# of Men/Boys	175	2021 PIT Count
# of People Who are Transgender	0	2021 PIT Count
# of People Who are Gender Non-Conforming	0	2021 PIT Count

Ethnicity and Race Demographics		
# of People Who are Hispanic/Latino	28	2021 PIT Count
# of People Who are Non-Hispanic/Non-Latino	239	2021 PIT Count
# of People Who are Black or African American	6	2021 PIT Count
# of People Who are Asian	3	2021 PIT Count
# of People Who are American Indian or Alaska Native	16	2021 PIT Count
# of People Who are Native Hawaiian or Other Pacific Islander	1	2021 PIT Count
# of People Who are White	240	2021 PIT Count
# of People Who are Multiple Races	1	2021 PIT Count

Table 2. Landscape Analysis of People Being Served

	Permanent Supportive Housing (PSH)	Rapid Rehousing (RRH)	Transitional Housing (TH)	Interim Housing or Emergency Shelter (IH / ES)	Diversion Services and Assistance (DIV)	Homelessness Prevention Services & Assistance (HP)	Outreach and Engagement Services (O/R)	Other: Day Shelter	Source(s) and Timeframe of Data
Household Composition

* NOTE: Private funder(s) option here could include philanthropy, resources from managed care plans organizations, corporate funders, or other private sources of funding

Table 4. Outcome Goals

Outcome Goal #1a: Reducing the number of persons experiencing homelessness.		
Baseline Data: Annual estimate of number of people accessing services who are experiencing homelessness	Outcome Goals July 1, 2021 - June 30, 2024	
	Increase in # of People	Increase as % Change from Baseline
435	Increase of 44 people	10%
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Underserved groups: 1) People who are American Indian/Alaskan Native represent 6.0% of the homeless population (2021 PIT), but only constitute 4.4% of those who are accessing services while experiencing homelessness. 2) People who identify as male represent 65.5% of the homeless population (2021 PIT) but only constitute 59.1% of those who are accessing services while experiencing homelessness.	Increase the number of people who identify as American Indian/Alaska Native and are accessing services by 4 people, or a 9.1% increase in this outcome goal. Review HMIS annually to analyze if year over year, underserved groups are accessing services at an increasing rate that correlates with their representation of the homeless population.	

Outcome Goal #1b: Reducing the number of persons experiencing homelessness on a daily basis		
Baseline Data: Daily Estimate of # of people experiencing unsheltered homelessness	Outcome Goals July 1, 2021 - June 30, 2024	
	Reduction in # of People	Reduction as % Change from Baseline
215	Reduction of 17 people	8%
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Disproportionately impacted groups: 1). People who are Hispanic/Latino represent 10.5% of the homeless population (2021 PIT), but account for 17.2% of people experiencing unsheltered homelessness. 2). People who are American Indian or Alaska Native represent 6.0% of the homeless population (2021 PIT), but account for 8.3% of people experiencing unsheltered homelessness. 3). Unaccompanied youth (18-24 years old) represent 3.7% of the homeless population (2021 PIT), but account for 8.0% of people experiencing unsheltered homelessness.	Reduce the number of people experiencing unsheltered homelessness who identify as Hispanic/Latino by three persons, or 17.6% of this outcome goal. Review PIT annually to analyze if year over year, disproportionately impacted groups experience unsheltered homelessness at lower rates that correlates with their representation of the homeless population.	

Outcome Goal #2: Reducing the number of persons who become homeless for the first time.		
Baseline Data:	Outcome Goals July 1, 2021 - June 30, 2024	
Annual Estimate of # of people who become homeless for the first time	Reduction in # of People	Reduction as % Change from Baseline
264	Reduction of 13 people	5%
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Disproportionately impacted groups: 1). Adults who are experiencing significant mental illness represent 6.0% of the homeless population (2021 PIT), but account for 27.7% of people who became homeless for the first time. 2). Adults who are experience substance use disorders represent 9.4% of the homeless population (2021 PIT), but account for 22.7% of people who became homeless for the first time. 3). Households that have at least one adult and one child represent 3.7% of the homeless population (2021 PIT), but account for 17.0% of people who became homeless for the first time. 4). People who identify as female represent 34.5% of the homeless population (2021 PIT), but account for 41.7% of people who became homeless for the first time.	Four fewer people, or 30.8%, of the total reduction goal will experience first time homelessness who have the following conditions: mental illness and substance use disorder. Review HMIS annually to analyze if year over year, disproportionately impacted groups experience first time homelessness at lower rates that correlates with their representation of the homeless population, with the knowledge that outreach has increased to these populations and they may be engaging in services and being entered into HMIS for the first time.	

Outcome Goal #3: Increasing the number of people exiting homelessness into permanent housing.		
Baseline Data:	Outcome Goals July 1, 2021 - June 30, 2024	
Annual Estimate of # of people exiting homelessness into permanent housing	Increase in # of People	Increase as % Change from Baseline
104	Increase of 10 people	10%
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Underserved groups: 1). Households without children represent 81.6% of the homeless population (2021 PIT), but only constitute 65.4% of people exiting homelessness into permanent housing. 2). People who identify as male represent 65.6% of the homeless population (2021 PIT), but only constitute 54.8% of people exiting homelessness into permanent housing.	Of the total increase of 10 people exiting homelessness into permanent housing, 3 people or 30% of the increase, will be households without children or people who identify as male. Review HMIS annually to analyze if year over year, underserved groups experience exits into permanent housing that correlates with their representation of the homeless population.	

Outcome Goal #4: Reducing the length of time persons remain homeless.		
Baseline Data: Average length of time (in # of days) persons enrolled in street outreach, emergency shelter, transitional housing, safehaven projects and time prior to move-in for persons enrolled in rapid rehousing and permanent housing programs"	Outcome Goals July 1, 2021 - June 30, 2024	
	Decrease in Average # of Days	Decrease as % Change from Baseline
70	Decrease of 14 days	20%
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Disproportionately impacted groups: Parenting youth (18-24 years old), households with only children, households with at least one adult and one child, people who are American Indian or Alaska Native, people who are Hispanic/Latino, unaccompanied youth (18-24 years old), and women are homeless for a significantly greater number of days than those from other demographic groups. In particular, parenting youth (18-24 years old) and households with only children are homeless more than 3 times longer than the average time experienced by all persons in the CoC.	Parenting youth (18-24 years old) and households with only children will experience a decrease in days homeless of 50%. Those who are American Indian or Alaska Native and households with at least one adult and one child will experience a decrease in days homeless of 20%. These reductions will support the overall decrease of 20%. Review HMIS annually to analyze if year over year, disproportionately impacted groups have a reduction in the number of days homeless that better correlates with the average for all people experiencing homelessness.	

Outcome Goal #5: Reducing the number of persons who return to homelessness after exiting homelessness to permanent housing.		
Baseline Data: % of people who return to homelessness after having exited homelessness to permanent housing	Outcome Goals July 1, 2021 - June 30, 2024	
	Decrease in % of People who return to Homelessness	Decrease as % Change from Baseline
7%	Decrease to 4%	43%
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Disproportionately impacted groups, including percentages of returning to homelessness after having exiting homelessness to permanent housing: people who are American Indian or Alaska Native AND non-Hispanic/non-Latino (100%), people who are American Indian or Alaska Native (50%), adults who are currently fleeing domestic violence (20%), and Women (10%).	For people who are American Indian or Alaska Native AND non-Hispanic/non-Latino, their decrease in this goal will be from 100% to 25%. For people who are American Indian or Alaska Native their decrease in this goal will be from 50% to 25%. Review HMIS annually to analyze if year over year, disproportionately impacted groups have a reduction in the percentage of returning to homelessness after exiting homelessness to permanent housing that better correlates with the average for all people experiencing homelessness.	

Outcome Goal #6: Increasing successful placements from street outreach.		
Baseline Data:	Outcome Goals July 1, 2021 - June 30, 2024	
Annual # of people served in street outreach projects who exit to emergency shelter, safe haven, transitional housing, or permanent housing destinations.	Increase in # of People Successfully Placed from Street Outreach	Increase as % of Baseline
0	10	100%
Describe Your Related Goals for Underserved Populations and Populations Disproportionately Impacted by Homelessness		
Describe any underserved and/ or disproportionately impacted population(s) that your community will especially focus on related to this Outcome Goal and how this focus has been informed by data in your landscape assessment:	Describe the trackable data goal(s) related to this Outcome Goal:	
Underserved groups: Since there is no data of documented exits from street outreach into a shelter or housing situation, there is no specific data on underserved groups for this goal. However, based upon data for the other goals, it can be assumed that unaccompanied and parenting youth (18-24 years old) and people who are American Indian/Alaska Native and Hispanic/Latino are underserved in street outreach projects.	2 of the 10 persons, or 20% of the increase, will be persons who are American Indian/Alaskan Native, Hispanic/Latino or parenting youth (18-24 years old).	

Table 5. Strategies to Achieve Outcome Goals

Strategy	Performance Measure to Be Impacted (Check all that apply)
<p>Description Participate in collaborative and intentional community engagement activities to better understand unmet needs, barriers to accessing services, and potential solutions from people with lived experience. Special focus will be on underserved and disproportionately impacted populations including people who identify as American Indian/Alaska Native or Hispanic Latino, people with substance use disorder and/or mental illness, people who are unsheltered, and parenting youth (ages 18-24). Activities may include community listening sessions, community surveys, focus groups, and interviews. After analyzing findings, the CoC will undertake efforts to increase participation in the Stakeholders' Collaborative from people with lived experience, particularly those who are also members of the communities and demographics identified as underserved.</p> <p>Timeframe July 2022-July 2023</p> <p>Entities with Lead Responsibilities Continuum of Care (CoC) and Homeless Management Information System (HMIS) team, 2-1-1 NorCal/United Way of Northern California (Coordinated Entry), Poor and the Homeless Tehama County Coalition (PATH) (Street Outreach)</p> <p>Measurable Targets Facilitate at least one group engagement activity and five individual engagement activities, reaching at least 10 people with lived experience. Use findings to complete 10-Year Plan to End Homelessness Amendment by July 2023 which will detail long-term goals and plans for the CoC, with a focus on both gaps and equity.</p>	<ul style="list-style-type: none"> <input checked="" type="checkbox"/> 1. Timeframe July 2022-June 2024	
Entities with Lead Responsibilities CoC/HMIS team, Tehama County, City of Red Bluff, City of Corning, affordable housing developers	
Measurable Targets Support at least 24 units of multi-family affordable housing or permanent supportive housing (new construction, operations, or rehabilitation). This may include projects that are currently in pre-development or development stages.	

Strategy	Performance Measure to Be Impacted (Check all that apply)
Description Provide systems support to the Coordinated Entry System (CES) to increase effectiveness through 1). Culturally competent outreach and engagement; 2). Service provider relationships; 3). Service and program referrals; and 4). Data reliability and monitoring.	<input checked="" type="checkbox"/> 1. Reducing the number of persons experiencing homelessness. <input type="checkbox"/> 2. Reducing the number of persons who become homeless for the first time. <input checked="" type="checkbox"/> 3. Increasing the number of people exiting homelessness into permanent housing. <input checked="" type="checkbox"/> 4. Reducing the length of time persons remain homeless. <input type="checkbox"/> 5. Reducing the number of persons who return to homelessness after exiting homelessness to permanent housing. <input type="checkbox"/> 6. Increasing successful placements from street outreach. <input checked="" type="checkbox"/> Focused on equity goals related to underserved populations and populations disproportionately impacted by homelessness.
Timeframe July 2022-June 2024	
Entities with Lead Responsibilities CoC/HMIS team, 2-1-1 NorCal/United Way, service providers	
Measurable Targets Update the CoC Coordinated Entry Policies and Procedures based on participating agency feedback. Describe detailed methods and timelines of 1). Culturally competent outreach and engagement; 2). Determining ongoing eligibility for services; 3). Service and program referrals; 4). Service provider relationship; 5). HMIS/CES coordination meetings and case conferencing meetings; 6). Data reliability and monitoring; and 7). Overall organizational capacity. The goal of the update is to increase use of Coordinated Entry to prioritize and provide services to community members both effectively and efficiently, and in a way that serves previously underserved populations.
